

COMMUNICATION FOR ATHLETES

Dear athlete registered for the race on June 8th (Super Marathon of Etna-Super Mareneve and Roundtrip), in the imminence of the competition we consider it is useful to draw up the following reminder to ensure we have your attention on some important issues:

1. For the entire race we recommend that you bring your own water bottle or personal glass, the water will be made available at each of the 14 refreshment points along the route (see Annex N 1).
The Etna Super Marathon is the first Plastic Free race to be run on Etna. For us it represents a challenge, a responsibility and an economic and organizational cost. We do not measure the success of the project with the image return meter but with the amount of plastic that we will be able to avoid. We will be grateful if we have the maximum of your cooperation.
2. The evening before departure, prepare all the bracelets that will be given to you by the organization (see attachment No. 2) and wear them from the start, each of them will allow you to access the services you can benefit from during the day (including the pasta Party).
3. The delivery of race packages is scheduled for Friday 7 June at the Race Office of Piazza Santo Cali (located in the center of the town of Linguaglossa) <https://goo.gl/maps/2m2S4LAYCz8f8yLu8>
